SUPPLEMENTAL QUESTION AND ANSWER

- Q: What is the purpose of No-Lien Restriction Code V050I on the CST confirmation statement?**
- A:** The No-Lien Code on the CST confirmation statement will help ensure that brokerage accounts and statements have the correct ticker symbol (“SCLX”) for the Scilex stock issued as a dividend to Sorrento's stockholders, as well as the latest trading price of Scilex stock reflected in brokerage accounts. Scilex will review the stockholder list on March 6, 2023 and Sorrento can determine at that time if the lock-up of the Scilex dividend shares will be extended for an additional 90 days beyond May 11, 2023.
- Q: Will Sorrento or Scilex management take any actions with respect to the substantial “naked short” positions of Scilex common stock?**
- A:** Scilex and Sorrento are in the process of contacting and coordinating with regulatory agencies to help enforce compliance with applicable laws, rules and regulations governing market participants, which strictly prohibit intentional or abusive “naked shorting” of publicly traded securities.
