REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors  
Quikbyte Software, Inc.

We have reviewed the accompanying balance sheet of Quikbyte Software, Inc., a development stage company, as of March 31, 2005 and the related statements of operations and cash flows for the three-months ended March 31, 2005 and from inception (January 26, 1989) to March 31, 2005. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards established by the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2, conditions exist which raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

In the opinion of the management of Quickbyte Software, Inc., the accompanying unaudited financial statements include all normal adjustments considered necessary to present fairly the financial position as of March 31, 2005 and the results of operations for the three-months ended March 31, 2005 and 2004 and for the period from January 26, 1989 (inception) to March 31, 2005, and cash flows for the three-months ended March 31, 2005 and 2004, and for the period from January 26, 1989 (inception) to March 31, 2005. Note 2 - Going Concern:

The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

The Company is in the development stage and has not earned any revenue from operations. The Company's ability to continue as a going concern is dependent upon its ability to develop additional sources of capital or locate a merger candidate and ultimately, achieve profitable operations. The accompanying financial statements do not include any adjustments that might result from the outcome of these uncertainties. Management is seeking new capital to revitalize the Company.

Note 3 - Note Payable - Related Party:

The note payable in the amount of \$9,547 is payable to an officer of the Company including interest at 8% per annum, due on demand. These funds were advanced to pay Company expenses.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS  
-----  
OF OPERATIONS  
-----

("Quikbyte Software," the "Company" or "issuer") found in these statements is subject to a number of risks and uncertainties that could cause actual results to differ materially from those reflected in such statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis only as of the date hereof. Without limiting the generality of the foregoing, words such as "may," "will," "expect," "believe," "anticipate," "intend," or "could" or the negative variations thereof or comparable terminology are intended to identify forward-looking statements.

These forward-looking statements are subject to numerous assumptions, risks and uncertainties that may cause Quikbyte Software, Inc. actual results to be materially different from any future results expressed or implied by Quikbyte Software in those statements. Important facts that could prevent Quikbyte Software from achieving any stated goals include, but are not limited to, the following:

Some of these risks might include, but are not limited to, the following:

- (a) volatility or decline of the Company's stock price;
- (b) potential fluctuation in quarterly results;
- (c) failure of the Company to earn revenues or profits;
- (d) inadequate capital to continue or expand its business, inability to raise additional capital or financing to implement its business plans;
- (e) failure to achieve a business;
- (f) rapid and significant changes in markets;
- (g) litigation with or legal claims and allegations by outside parties;
- (h) insufficient revenues to cover operating costs.

There is no assurance that the Company will be profitable, the Company may not be able to successfully develop, manage or market its products and services, the Company may not be able to attract or retain qualified executives and technology personnel, the Company's products and services may become obsolete, government regulation may hinder the Company's business, additional dilution in outstanding stock ownership may be incurred due to the issuance of more shares, warrants and stock options, or the exercise of warrants and stock options, and other risks inherent in the Company's businesses.

The Company undertakes no obligation to publicly revise these forward-looking statements to reflect events or circumstances that arise after the date hereof. Readers should carefully review the factors described in other documents the Company files from time to time with the Securities and Exchange Commission, including the Quarterly Reports on Form 10-QSB and Annual Report on Form 10-KSB filed by the Company in 2004 and any Current Reports on Form 8-K filed by the Company.

#### OVERVIEW OF OPERATIONS

The management of the Company has been actively seeking potential new businesses so as to enable the Company to achieve a sustainable level of operations.

The Company has been funded in the past year by loans from shareholders.

RESULTS OF OPERATIONS FOR QUARTER ENDED MARCH 31, 2005 COMPARED TO SAME PERIOD ENDED MARCH 31, 2004.

The Company had no revenues from operations in the period in 2005 or 2004. The Company incurred no expenses in the period in 2005 or in the period in 2004. The Company had a loss in 2005 in the quarter of (\$191) compared to a loss on operations of (\$191) in 2004 in the quarter from interest accrual. The Company had loss per share in 2005 and in 2004.

LIQUIDITY AND CAPITAL RESOURCES

The Company had no cash capital at the end of the period and about \$602 in other assets. The Company will need to either borrow or make private placements of stock in order to fund operations. No assurance exists as to the ability to achieve loans or make private placements of stock.

#### NEED FOR ADDITIONAL FINANCING

The Company does not have capital sufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934. The Company will have to seek loans or equity placements to cover such cash needs. In the event the Company is able to complete a business combination during this period, lack of its existing capital may be a sufficient impediment to prevent it from accomplishing the goal of completing a business combination. There is no assurance, however, that without funds it will ultimately allow registrant to carry out its business

The Company will need to raise additional funds to conduct any business activities in the next twelve months.

No commitments to provide additional funds have been made by management or other stockholders. Accordingly, there can be no assurance that any additional funds will be available to the Company to allow it to cover its expenses as they may be incurred.

Irrespective of whether the Company's cash assets prove to be inadequate to meet the Company's operational needs, the Company might seek to compensate providers of services by issuances of stock in lieu of cash.

#### "GOING CONCERN" QUALIFICATION

The Company's auditor has issued a "going concern" qualification as part of his opinion in the Audit Report. There is substantial doubt about the ability of the Company to continue as a "going concern." The Company has no business, limited capital, debt in excess of \$340,000, all of which is current, minimal cash, nominal other assets, and no capital commitments. The effects of such conditions could easily be to cause the Company's bankruptcy.

Management hopes to develop its business plan and will need, at which to seek and obtain funding, via loans or private placements of stock for operations debt and to provide working capital. Management has plans to seek capital in the form of loans or stock private placements in the next quarter of approximately \$50,000.

ITEM 3. CONTROLS AND PROCEDURES
