PART I - FINANCIAL INFORMATION

ITEM 1. FINANCIAL STATEMENTS.

For financial information, please see the financial statements and the notes thereto, attached hereto and incorporated by this reference.

The financial statements have been adjusted with all adjustments which, in the opinion of management, are necessary in order to make the financial statements not misleading.

The financial statements have been prepared by Life USA, Inc. with a review pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnotes disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted as allowed by such rules and regulations, and management believes that the disclosures are adequate to make the information presented not misleading. These financial statements include all the adjustments which, in the opinion of management, are necessary for a fair presentation of financial position and results of operations. All such adjustments are of a normal and recurring nature. These financial statements should be read in conjunction with the audited financial statements at December 31, 2005, included in the Company's Form 10-KSB.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Quikbyte Software, Inc.

We have reviewed the accompanying balance sheet of Quikbyte Software, Inc. as of March 31, 2006 and the related statements of operations and cash flows for the three-months then ended. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards established by the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2, conditions exist which raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

QUICKBYTE SOFTWARE, INC.
(A Development Stage Company)
Notes to Financial Statements
March 31, 2006

Note 1 - Presentation of Interim Information:

In the opinion of the management of Quickbyte Software, Inc., the accompanying unaudited financial statements include all normal adjustments considered necessary to present fairly the financial position as of March 31, 2006 and the results of operations for the three-months ended March 31, 2006 and 2005 and for the period from January 26, 1989 (inception) to March 31, 2006, and cash flows for the three-months ended March 31, 2006 and 2005, and for the period from January 26, 1989 (inception) to March 31, 2006. Interim results are not necessarily indicative of results for a full year.

The financial statements and notes are presented as permitted by Form 10-QSB, and do not contain certain information included in the Company's audited financial statements and notes for the fiscal year ended December 31, 2005.

Note 2 - Going Concern:

The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

The Company is in the development stage and has not earned any revenue from operations. The Company's ability to continue as a going concern is dependent upon its ability to develop additional sources of capital or locate a merger candidate and ultimately, achieve profitable operations. The accompanying financial statements do not include any adjustments that might result from the outcome of these uncertainties. Management is seeking new capital to revitalize the Company.

Note 3 - Note Payable - Related Party:

The note payable in the amount of \$9,547 is payable to an officer of the Company including interest at 8% per annum, due on demand. These funds were advanced to pay Company expenses.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS

OF OPERATIONS

There is no assurance that the Company will be profitable, the Company may not be able to successfully develop, manage or market its products and services, the Company may not be able to attract or retain qualified executives and technology personnel, the Company's products and services may become obsolete, government regulation may hinder the Company's business, additional dilution in outstanding stock ownership may be incurred due to the issuance of more shares, warrants and stock options, or the exercise of warrants and stock options, and other risks inherent in the Company's businesses.

The Company undertakes no obligation to publicly revise any forward-looking statements to reflect events or circumstances that arise after the date hereof. Readers should carefully review the factors described in other documents the Company files from time to time with the Securities and Exchange Commission, including the Quarterly Reports on Form 10-QSB and Annual Report on Form 10-KSB filed by the Company in 2005 and any Current Reports on Form 8-K filed by the Company.

OVERVIEW OF OPERATIONS

None

RESULTS OF OPERATIONS FOR QUARTER ENDED MARCH 31, 2006 COMPARED TO SAME PERIOD ENDED MARCH 31, 2005.

The Company had no revenues from operations in the period in 2006 or 2005. The Company incurred no general and administrative expenses in the period in 2006 or in the period in 2005. The Company had no loss in 2006 in the quarter compared to (\$191) loss in 2005 in the quarter. The Company had no profit/loss per share in 2006.

LIQUIDITY AND CAPITAL RESOURCES

The Company had no cash capital at the end of the period or any other assets. The Company will need to either borrow or make private placements of stock in order to fund operations. No assurance exists as to the ability to achieve loans or make private placements of stock.

NEED FOR ADDITIONAL FINANCING

The Company does not have capital sufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934. The Company will have to seek loans or equity placements to cover such cash needs. In the event the Company is able to complete a business combination during this period, lack of its existing capital may be a sufficient impediment to prevent it from accomplishing the goal of completing a business combination. There is no assurance, however, that without funds it will ultimately allow registrant to carry out its business

The Company will need to raise additional funds to conduct any business activities in the next twelve months.

No commitments to provide additional funds have been made by management or other stockholders. Accordingly, there can be no assurance that any additional funds will be available to the Company to allow it to cover its expenses as they may be incurred.

Irrespective of whether the Company's cash assets prove to be inadequate to meet the Company's operational needs, the Company might seek to compensate providers of services by issuances of stock in lieu of cash.

"GOING CONCERN" QUALIFICATION

The Company's auditor has issued a "going concern" qualification as part of his opinion in the Audit Report. There is substantial doubt about the ability of the Company to continue as a "going concern." The Company has no business, limited capital, debt in excess of \$32,000, all of which is current, minimal cash, nominal other assets, and no capital commitments. The effects of such conditions could easily be to cause the Company's bankruptcy.

Management hopes to develop its business plan and will need, at which to seek and obtain funding, via loans or private placements of stock for operations debt and to provide working capital. Management has plans to seek capital in the form of loans or stock private placements in the next quarter of approximately \$50,000.

ITEM 3. CONTROLS AND PROCEDURES

a. Evaluation of Disclosure Controls and Procedures:

Disclosure controls and procedures are designed to ensure that information required to be disclosed in the reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported, within the time period specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the reports filed under the Exchange Act is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. As of the end of the period covered by this report April 30, 2006, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based upon and as of the date of that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed in the reports the Company files and submits under the Exchange Act is recorded, processed, summarized and reported as and when required.

b. Changes in Internal Control over Financial Reporting:

There were no changes in the small business issuers internal control over financial reporting identified in connection with the Company evaluation required by paragraph (d) of Rule 13a-15 or Rule 15d-15 under the Exchange act that occurred during the small business issuers last fiscal quarter that has materially affected or is reasonable likely to materially affect, the small business issuers internal control over financial reporting.
